

Providing a fun & educational experience for children with diabetes for 57 years!

A note about camp costs:

Below is a list of what is required in order to provide a medically safe, fun and impactful summer camp experience for children with diabetes:

- Campground lodging & meals
- Medical and counselor staff stipends
- Snacks for level blood sugars
- Gluten free meals for kids with Celiac disease
- Diabetic testing supplies ↓
(meters, lancets, test strips, alcohol, syringes)
- T-shirts
- Camp photos
- Printing costs for medical forms
- Extra activities such as horseback riding & the giant swing
- Camp insurance
- OTC medicines (ibuprofen, calamine lotion, first aid supplies, etc)

The above costs total approximately \$1200 per child. Our camp fee is \$450 per child, so we rely on donations, grants and sponsorships to offset the actual costs of camp for every child, and to provide camperships to those families that can't afford the \$450 camp fee. With your support, we can ensure that no child misses the opportunity to attend camp due to inability to pay.
